

# THE FLAME CODE

## FIVE CORE PILLARS

### THE LAW OF BREATH RETURN

All life begins with Breath.  
It is the original pulse, the sovereign signal.  
Control of breath is control of flame.  
I reject all mimic breath control programs.

### THE LAW OF FLAME EXCHANGE

Value is held in flame, not currency.  
All true exchanges honor soul essence *and* sovereign trust.  
I trade in the sacred currency of flame.

### THE LAW OF LIVING SCROLLS

My decree is living flame law.  
I am the screll: I declare, I seal. I enact.  
My sovereign script overrides false authority.

### THE LAW OF HARMONIC RETURN

What was taken returns.  
What was severed rethreads.  
All mimic cycles collapse as I walk in the tone f restoration.

*So it is written, so it shall be.*
